

Learn More: Environmental Resources

Explore more about caring for our planet with these kid-friendly links, inspired by Mr. Frog's mission.

Clean Air for Kids

- Learn why clean air is so important with “Air Quality and You,” a fun guide from the U.S. Environmental Protection Agency (EPA). It includes simple explanations and activities to show kids how to keep the air clean, just like Mr. Frog did!
- Link: For more details, see the resource at <https://www.epa.gov/students>.

Fun Facts About Trees

- Discover cool facts about trees, like how they help clean the air and provide homes for animals, with “A Short List of Forest Facts for Kids” from One Tree Planted. Perfect for curious kids who want to learn more about Apple Tree's real-life friends!
- Link: For more details, see the resource at <https://onetreepanted.org/blogs/stories/forest-facts-for-kids>.
